

**Comox Valley Coalition to End Homelessness**

**Advisory Group Letter**

Dear Advisory Group,

This letter is signed to manifest my intent and that of \_\_\_\_\_  
to join as advisory to the Comox Valley Coalition to End Homelessness.

We agree with the overarching objectives of the Coalition, and are looking forward to working with Coalition members to create a comprehensive vision and plan with specific goals to end the impact of homelessness in the Valley.

We are willing to receive information that the Coalition feels is relevant to our shared objectives and commit to actively support and promote the initiatives that are identified by the Coalition to address the priority needs.

We may consider taking on a role on the Advisory Team should the expectations be in keeping with our skill set and experience. We understand our role will be to contribute to discussions that inform Coalition members to reach decisions.

As a future Advisory Group member of the Coalition, we believe in the importance of building community support for the key initiatives that are reached by the process of consensus decision-making by Coalition members.
